Descent: 2323 feet

Max Elevation: 7438 feet (2324m)

The name says it all: Big Sky Ridge. It's a big climb to the top of the mountains that surround the Antigua Valley up to where the views are rewarding enough. This is an old-growth forest trail playground, high on the ridges above Antigua. It's a true cross-country junkie's type of ride, long, hard, and technical. The endless single track downhill back to Antigua promises to sneak into your top favorite rides!

*Start Time: 9:00am or 2:00pm*

*End Time: 1:00pm or 6:00pm!*
